

Ensemble - let's create more!

Another **electronic vote** will be held in Sint-Genesius-Rode on Sunday October 13th.

The municipal administration has taken measures to avoid long waiting times (as was the case during the parliamentary elections in June) at the polling stations.

How to cast a valid vote?

1. in the polling booth, after calling up the screen, you first decide on one of the three lists that you would like to elect to the municipal council.
2. on the list you have selected, you can then tick one or more of your preferred candidates separately. Each vote for a candidate of your choice is counted as a vote for that specific candidate. For the entire list, all these votes count as a single vote. You can also put a cross in the circle at the top of the list. This indicates that you agree with the order of the candidates.
3. The same procedure also applies to the election of the OCMW-council (CPAS) : you decide

Power of Attorney

If you are unable to vote on election day, you can authorise another eligible voter from your municipality. Each eligible voter may participate in the election with a maximum of one proxy.

The person who casts the vote in your place must present the following documents at the polling station : **the Power of Attorney, his/her identity card, his/her personal polling card, your personal polling card and a certificate stating that you are unable to vote in person.**

IMPORTANT: The person who votes in your place does so with your authorisation at your polling station. However, this person will cast their own vote at their own polling station. This may be the same polling station but in a different waiting area. Please note this

You can download the authorisation documents from the municipality's website. You can also obtain them directly from the municipal administration.

www.sint-genesius-rode.be/nl/nieuwsitem/1620/verkiezingen-13-oktober-2024

In this election you also vote for the Provincial Council of Flemish Brabant. The procedure is same as described above.

Every vote counts. Your vote can make all the difference!

Together everything is possible!

Municipal elections on Sunday October 13th

Both the municipal council and the OCMW-council (CPAS) will be elected in Rode.

With your vote, you decide who has to decide on issues that directly affect you.

With your vote, you express your opinion and make it clear what is important to you.

With your vote for Accent 1640, you are clearly in favour of a constructive and respectful dialogue between all population groups.

Every vote counts. Your vote can make all the difference!
